New Texas Department of State Health Services (DSHS) COVID-19 Vaccine Resource for Medicaid Providers

Our members look to our contracting Medicaid providers for medical guidance and assurance on the COVID-19 vaccine. As your partner in health care, we would like to share some tips addressing questions related to the COVID-19 vaccine.

What's new

DSHS recently launched the [Texas Public Health Scheduler \(TPHVS\)](#). Members can use this website to sign up for the COVID-19 vaccine through participating public entities across Texas. The website also contains a COVID-19 vaccine frequently asked questions section.

Note: This scheduler will not replace all COVID-19 vaccine registration sites or vaccine locator tools. Members should register for a vaccine using the sites and tools that work best for them.

Additional information

Refer to our [Provider-Facing COVID-19 Vaccine Key Messages](#) communication notice for additional communication resources.
