

MDCP Extension When Social Security Insurance (SSI) Benefit Lost

The Texas Health and Human Services Commission is notifying Medically Dependent Children's Program (MDCP) waiver providers of a new process to temporarily extend Medicaid eligibility for certain individuals who lose Supplemental Security Income (SSI) and are enrolled in the MDCP waiver program. With a denial of SSI, Medicaid is automatically ended. If a BCBSTX STAR Kids Member loses Medicaid eligibility due to SSI denial, please contact BCBSTX Service Coordination at **1-877-301-4394**, or call customer service at **1-877-688-1811**, as the member may be eligible for a continuation of benefits for 30-60 days.
