

TEXAS HEALTH STEPS MEDICAL CHECKUP PERIODICITY SCHEDULE

Background: The Texas Health Steps Medical Checkup Periodicity Schedule for infants, children, and adolescents (birth through 20 years of age) specifies when each age specific checkup is due and which checkup components are required. The periodicity schedule is posted on the Texas Health Steps website and is updated when policy changes are made which affect checkup components or the ages at which checkup components are required.

Access the [Texas Health Steps Medical Checkup Periodicity Schedule](#) for infants, children, and adolescents (birth through 20 years of age) to ensure you have the most current updates and ensure proper screenings are provided.
